About Company

We begun our journey on the early 1960s as a family thriving towards improvements through challenging environment. We entered into the hotel industry in early 2000 by providing solutions and innovating the current market space. Today we offer you the most efficient solution to your problems from our stores towards your kitchen to ignite new opportunities that lies upon you. With 24 years of excellence we proudly stand beside you and hope the journey continues.

لقد بدأنا رحلتنا في أوائل الستينيات كعائلة تسعى نحو التحسينات من خلال بيئة مليئة بالتحديات. لقد دخلنا صناعة الفنادق في أوائل عام ٢٠٠٠ من خلال تقديم الحلول وابتكار مساحة السوق الحالية. نقدم لك اليوم الحل الأكثر فعالية لمشاكلك من متاجرنا إلى مطبخك لإشغال فرص جديدة أمامك. مع 24 عامًا من التميز، نقف بكل فخر إلى جانبكم ونأمل أن تستمر الرحلة.

Categories

Food preparation

The food preparation category includes all the equipment needed to turn ingredients into dishes and meals. Mixers, bowls, spoons, whisks, knives, shredders, scales, measuring cups, scoops, sifters, slicers, processors, and blenders all fall under food preparation. prep requires work tables, sinks with sprayers to clean produce and garbage disposals to grind up the debris that ends up in the sinks

Maintenance & Miscellaneous

Commercial kitchens spend as much time cleaning as they do cooking. Hotel and restaurant kitchens use large capacity dishwashers that clean at higher temperatures than residential machines. Kitchen should set aside a separate storage area for cleaning supplies

Cooking

Some commercial kitchens will need a full array of ovens, including rack ovens, convection ovens, microwaves, rotisseries, tunnel ovens, and maybe a pizza oven. Steamers, fryers, toasters, grills, and griddles may be necessary to prepare the menu items offered by the restaurant. small equipment is just as important as the heavy hitters: cooks need these crucial tools.

Storage

Most commercial kitchens require a variety of storage options to keep ingredients fresh until they are used. Categories include storage for fresh ingredients, frozen foods, and dry ingredients. dry goods must have storage that protects from infestation, moisture, and contamination.

فئات

تحضير الطعام

تشمل فئة إعداد الطعام جميع المعدات اللازمة لتحويل المكونات إلى أطباق ووجبات. الخلاطات والأوعية والملاعق والمخفقات والسكاكين والتقطيع والموازين وأكواب القياس والمجارف والمناخل والتقطيع والمعالجات والخلاطات كلها تندرج تحت إعداد الطعام. يتطلب الإعداد طاولات عمل، وأحواضاً مزودة برشاشات لتنظيف المنتجات، وأجهزة التخلص من القمامة لطحن الحطام الذي ينتهي في الأحواض.

طبخ

ستحتاج بعض المطابخ التجارية إلى مجموعة كاملة من الأفران، بما في ذلك أفران الرف، وأفران الحمل الحراري، وأفران الميكروويف، والمشواة، وأفران النفق، وربما فرن البيتزا. قد تكون أجهزة الطهي بالبخار والمقالي والمحامص والشوايات والشوايات ضرورية لإعداد عناصر القائمة التي يقدمها المطعم. المعدات الصغيرة لا تقل أهمية عن الضاربين الثقيلين: يحتاج الطهاة إلى هذه الأدوات المهمة.

الصيانة والمتنوعة

تقضي المطابخ التجارية وقتاً طويلاً في التنظيف كما تقضي في الطهي. تستخدم مطابخ الفنادق والمطاعم غسالات أطباق ذات سعة كبيرة يتم تنظيفها في درجات حرارة أعلى من الآلات السكنية. يجب أن يخصص المطبخ منطقة تخزين منفصلة لمستلزمات التنظيف

تخزين

تتطلب معظم المطابخ التجارية مجموعة متنوعة من خيارات التخزين للحفاظ على المكونات طازجة حتى يتم استخدامها. تشمل الفئات تخزين المكونات الطازجة والأطعمة المجمدة والمكونات الجافة. يجب أن تحتوي البضائع الجافة على مخزن يحميها من الإصابة والرطوبة والتلوث.
